EDUCATION

Bachelor of Technology in Computer Science

Expected in May 2028

Government Engineering College, Bilaspur | Current SPI: 7.33 GPA

- Completed Coursework: Data Analytics, 2026
- Leader of Google Developer Group Cloud
- Data Analytics, CTTC Bhubaneswar, Completed 2026
- Data Analytics, Deloitte, Completed 2026
- **Swiie**: Created an AI-driven prediction model that shows which customer is likely to churn – Capstone Project
- **UPI Transaction Analytics**: Created a dashboard to showcase trends and identify insights in UPI – Capstone Project
- **Customer Behavior Analysis**: Performed EDA on a dataset that identified several insights to increase profit – Capstone Project

SKILLS

- | | | | |
|------------------------------|---|---------------------------|----------------------------------|
| • Languages: | SQL, Python (pandas, NumPy, matplotlib), Data Visualization Backend | • BI Tools: | Power BI, Advanced Dashboards |
| • Databases: | PostgreSQL, MySQL, MongoDB | • Developer Tools: | Git, Jupyter Notebooks, VS Code |
| • Core Proficiencies: | Python development, Excel functions | • Analysis: | Data cleaning, Data storytelling |
| • Analytical Skills: | Descriptive statistics, Data visualization | • Methodologies: | Requirements gathering |

WORK HISTORY

Data Analyst Intern

July 2024 – July 2024

Central Tool and Training Center, Bhubaneswar

- Completed a 1-month summer internship focused on Data Analytics, gaining hands-on experience in data cleaning, data analysis, Excel, SQL, Python, and data visualization.
- Worked with datasets to extract meaningful insights and support data-driven decision-making.

PROJECTS

- **Customer Behavior Analysis (2026-08)**: End-to-end data analytics project exploring customer purchasing patterns and identifying factors influencing buying decisions. Combines Python, SQL, and Power BI to transform raw retail transaction data into meaningful business insights that support data-driven decision making.
- **UPI Transaction Analysis (2026-08)**: Built an interactive Excel dashboard to analyze UPI transactions, track success rates, and visualize spending trends using Pivot Tables and dynamic charts.

CERTIFICATIONS

- Data Analytics, Deloitte – 2nd Oct 2026
